

MILES OF SIDEWALKS FOR CITY STREETS

Local Improvement Petitions Galore Before the Council Last Night and Orders Given for Large Amount of Work

The city council met in the city hall last night, and notwithstanding that it was a holiday, did a large business. The consideration of a whole batch of petitions for local improvements occupied the largest share of the attention of the aldermen. One petition for improvements on the Hudson's Bay reserve north of the C. N. R. track was referred back to the commissioners to learn if it had been sufficiently signed. A twelve-foot cement sidewalk will be built on both sides of Namayo from Jasper to Sutherland. A petition was granted for the grading of Ottawa street from Jasper to Peace, and a six-foot sidewalk on both sides of this street. A stone sidewalk will be laid alongside the Merchants Bank from Jasper to Rice, on Howard street. A six-foot sidewalk will be built on the east side of Ninth, from Jasper to Peace, and from Eighth to Sixth on Hardisty. Third street will be boulevardized from Victoria to Hardisty and Mackay street from Third to Second streets. A petition for the boulevarding of Twelfth street was referred back. Ald. Mays moved and Ald. Manson seconded that the construction of sidewalks should be done by contract. The motion was passed and the commissioners instructed to prepare an estimate of the cost of the work petitioned for. The commissioners reported that a contract had been let to D. Richert for the season at 3 cents a lineal foot. Regarding the foundry people's bonus, which has been before the council for some time, Mr. Griesbach moved and Mr. Mays seconded, that the application be refused and the applicants informed that their application would be treated then. P. C. Patterson, superintendent of the Bell Telephone system in the Northwest, wrote, offering to sell the city the switch-board, phones, and complete apparatus for 1000 phones, central energy, manually operated, laid down in the city, and duty paid, for the sum of \$7500. The automatic company's price for the Chicago phone is \$32.50 per line, the city to pay freight and duty, which was granted. (Continued on Page Six.)

BUILDING PERMITS REACH QUARTER OF A MILLION

Edmonton the Busiest Building Town in the West--Season Scarcely Started Promises Great Things

Up to 12 o'clock noon to-day the building permits issued out of the building inspector's office totalled \$249,445. The figures are:
For month of January, 1906 \$12,417
For February, 1906 18,965
For March, 1906 165,710
For first week in April 33,025
For second week in April 49,710
Total to date \$249,445
No records were kept of January and February of last year. During the month of March, 1905, the total permits issued were \$10,500 as against \$105,710 this year, and for the first half of April were \$16,486 as against \$32,735 for the first half of April this year. By way of comparison, it is worthy of note that for the first week in April the building permits issued in Vancouver were \$30,000, while those issued in Edmonton were \$33,000. Since the opening of the building season each successive week has been larger than the preceding one, and the week ending to-day broke all previous records for this year, with a total of \$49,710, or more than the total for the whole month last year. Almost every building for which permits have been taken out is already under way, and Edmonton is at present the busiest town in the west. So far most of the permits are for residences, although there is an occasional block. This week the most expensive building for which a permit is issued is the Garfield block, which is given as \$12,000, exclusive of heating, plumbing or interior finishing, and the most expensive residence was that of R. W. Cantley, on Sixth street, which will cost \$5500. The mere figures, however, do not convey a full conception of the amount of building that is going on in Edmonton at the present moment. The only way to get a clear idea of the extent of the building activity which has set in with such a rush is to drive or walk around the city and see what is being done. The greatest activity of all, at the present moment, is in the west end, and of this section the few blocks between Jasper and the river and west of Sixth street are literally alive with builders. Toward the western part of this section, from Tenth

TO PROTECT SCHOOL GROUNDS

McKay Avenue School Grounds to be Protected by Cement Abutments Longer Playgrounds.

The regular session of the school board was held in Mackay avenue school, Thursday evening, the members present being Chairman Alex. Taylor, Rev. H. A. Gray, Dr. Ferris, Alex. May, H. C. Taylor and Secretary Jellett. The most important matter to come before the board was the report of Dr. Ferris, chairman of the Finance Committee. The report stated the amount required in connection with the building of Norwood school and the building of abutments on the south-east corner of Mackay avenue school. The items were as follows: Norwood school, building \$12,500, seats 500, fencing \$400, abutment for Mackay avenue school \$3,500. Considerable discussion arose over the building of the abutment at Mackay avenue school. As shown by the plan which Dr. Ferris had roughly drawn, these were to be of cement and were to be built into the hill side at the southeast corner of the school grounds. The main object of these was to protect property at the foot of the hill from the falling or washing away of the bank. Part of the bank at the brink was to be levelled to a ten per cent drop, and the abutments when built would add a few feet more to the playgrounds. They were to be strengthened by buttresses 8 feet apart and 18 inches thick. Dr. Ferris said that piling could be installed at a cost of only \$1,000 but it would only last a few years. The cement would cost \$3,500, but it would last forever. The report was adopted and the matter with that of fencing the grounds was left to the building committee to prepare plans and report. The secretary was instructed to have the necessary by-law prepared to cover the requirements outlined in the report. Discussion also arose as to the question of play grounds at the Mackay avenue school. Mr. May said there ought to be more room for play (Continued on page eight)

CONTRACTS FOR TWO SECTIONS OF THE GRAND TRUNK PACIFIC

J. D. McArthur will Build Road from Winnipeg to Superior Junction and Hogan & McDonald from Quebec to La Que.

Ottawa, April 14.—Contracts aggregating nineteen million dollars were awarded by the Dominion Government Thursday for the construction of two sections of the National Transcontinental Railway. The tenders have been before the Railway Committee and the Government for the past four weeks, and it was not until Thursday afternoon that awards were made. In each case the lowest tenderer got the contract. The contract for the western section from Winnipeg to Superior Junction, a distance of 245 miles, has been awarded to J. D. McArthur, of

Winnipeg. The price is a little over thirteen million dollars, or a quarter of a million less than the estimate of the government engineers. The contract for the eastern section from Quebec to La Que, 159 miles, has been awarded to Hogan & McDonald, Montreal. This is about \$100,000 less than the estimate of the government engineers. The contract for the Cape Rouge steel viaduct has gone to the Dominion Bridge Co. of Montreal, \$130,000. The Phoenix Bridge Co. of Philadelphia, was next to the successful tenderers.

Capitalists Visit Edmonton

A party of American capitalists, including E. Walsh, W. A. Walsh and E. J. Walsh, Clinton, Iowa, are spending a few days in the city, registered at the Windsor. They have spent some time touring the country with a view to investment and appear well pleased with the country and its prospects. Regarding the story that has been going the rounds of the Opposition press insinuating that the party were endeavoring to purchase a large tract of land from the government, Mr. Eugene Walsh, a member of the party, says: "It is true that we have large interests in the States, but that we have invested in Canadian lands or properties is untrue. We have made no applications of any kind to the government for lands or other rights. We have authorized no one to do so for us, have organized no Canadian syndicate, and are totally unacquainted with Mr. Oliver or other Canadian authorities. We are

visitors here, and are looking over the country from the viewpoint of future development. We are as yet undecided as to whether we shall make any investments in Canada. You have a good country and a good class of people. It will take the best efforts of all for years to build it up. "Jimmy Faw" and company appear in Robertson's hall on Monday evening. Regarding him, the Calgary Herald says: "Jimmy" is certainly the same clever artist today that he was fifteen years ago. If anything he is better. His songs and his humorous rendition of them fairly take the house. Even off the stage Mr. Faw is a keen humorist, and it is almost like being natural for him to bring down a house in laughter. His old time favorite song, "At My Time of Life" was given by special request and was an enthusiastic success. He received on the first time he made a hit in it. Altogether Mr. Faw's portion of the show was entirely successful. 6

CONDITIONS IN NAPLES AND VICINITY ARE IMPROVED

Aspect of Vesuvius Less Threatening, and the Spirits of the People Rise in Consequence--Rescue Work Proceeds Rapidly

Naples, April 4.—No better evidence of the improved condition of affairs in the section affected by the eruption of Vesuvius can be presented than a telegram from Director Motticci, sent from the observation station, "Last night and today the agitation at the surface of the volcano diminished. Electric discharges ceased and the discharge is less abundant from the resumed crater. Other indications are better and if the news of the cessation of lava at Boscoreaux is true, in two or three days a volcanic calm will reign." The publication of this brought joy to the public and, Good Friday services were well attended by large congregations. Conditions at Naples were so much better that people were almost incredulous of tales of horror told by those who had escaped from the country farther within the zone of devastation. The apprehensions of the populace gave way to smiling confidence. But in other quarters there is no escaping the evidence of the volcano's fury. The work of rescue is one of great financial cost as well as danger. Many bodies are unrecognizable masses of flesh, while others are little disfigured. As quickly as possible they are buried to lessen the danger of an epidemic.

Simmons Won in Lethbridge

Mr. W. C. Simmons, the Liberal candidate in Lethbridge district, won on Thursday last one of the hardest fought political contests in Alberta with about 400 miners on strike, every man with a magnified grievance, and conducting an election campaign is not a very pleasant thing. Sherman, the labor candidate, came second in the list, while the Conservative lost his deposit. The latter is partially accounted for by the fact that as the campaign proceeded it was evident that the fight was between Simmons and Sherman. Sherman is the labor agitator and got a very solid vote where the miners are on strike, but in Lethbridge, where no strike was on, he was beaten by a majority of 40. In Staffordville, which is a mining village, adjoining Lethbridge, the vote went almost solidly for

\$7,000, substantial house on two lots on Jasper avenue, easy terms.

PERMIT ISSUED FOR BLOCK

The Garrieply Three Story Brick Block to Cost Nearly \$20,000. Will be Occupied by Traders Bank.

The first building permit for a down town business block was taken out in the building inspector's office by J. H. Garrieply. It calls for a three-story brick block, 25 feet frontage, on Jasper, and 75 feet in depth, to occupy the ground, which is now covered by the frame building used by W. H. Martin as a harness shop.

The plans filed show a very handsome building. The ground floor will be constructed as a banking office, which will be used by the Traders Bank of Canada. There is to be a large vault in the rear, which will be burglar and fire-proof. The second story will be for offices, and the third for apartments.

The front elevation will be of pressed brick with cut stone facings and will present a rich and handsome appearance. The price mentioned in the application is \$12,000 but as this refers only to the bare building and does not include plumbing, heating, the vaults, or interior finishing, it falls considerably short of the actual cost. Mr. Garrieply expects that the building will cost between \$18,000 and \$20,000.

ANNUAL MEETING

The annual meeting of the Edmonton Rifle Association was held last evening in the Customs House, when the following officers were elected: Captain, Geo. Reid; First Lieut., Frank Osborne; Secretary, Treasurer, Mr. Brown; Committee, Messrs. A. Cameron, McNaughton, and Carpenter. Auditor, James McDonald.

It was decided to give each person joining the Association before May 15th, 100 rounds of ammunition at a charge of only 1-2 cent per round for marking. The usual cost of the ammunition is 2 cents per round.

Every effort is being made by the members to have a large association this year. The ranges are in first-class condition and several new rifles have been received. The membership fee of the association is \$2.00. The ranges are open for practice every Saturday afternoon.

EDMONTON DEFEATED

In the first game of lacrosse of the season played yesterday on the Strathcona Exhibition grounds between Strathcona and Edmonton the Edmonton boys were defeated by a score of 4-1. The game was a good one in spite of the one-sided score, and it was not until the third quarter that the Strathcona team commenced to pile them up. For the first half of the game the Edmonton boys were a star, and the Edmonton boys are lucky in having him in the line. He saved a good many shots. The Strathcona have a combination bunch and promise to give their rivals in lacrosse as they did in hockey. Harry Brown, of the Edmonton team, was the star of the game. He was a fine player, and he gave satisfaction all round. Anderson of the Edmonton team, was laid out during the game and Sammie Henson, of Strathcona, was dropped to even up. A good crowd was present at the game, a large number came over from here.

ALL RECORDS BROKEN.

All previous records were broken at the land office today, when 78 home-tries were made before the closing hour at one o'clock. The entries represent an area of 12,400 acres of land which was taken up in the Edmonton district today.

The next largest number of entries ever recorded in the Edmonton office in one day was 53.

GIVE US OUR RELIC

There's always trouble when there are twins, and I report to be true the sweet agreeableness in which Alberta and Saskatchewan have spent their infancy may be rudely disturbed by a rumour over some pieces of second hand furniture of unknown value but of great historic interest. When the Territories were divided into provinces it was generally understood that there should be also an equal division of the Territorial assets and that this division would extend beyond the sordid material possessions and apply as well to any relics, curios, souvenirs, or other antiquated articles about which traditions clustered and to which historic sentiment attached. But if the Regina Standard speak truly this has not been done, and Alberta has been heartlessly hounded by her twin sister. According to this informant the Clerk of the Saskatchewan Legislature scribbles his minutes of proceedings on the identical table about which gathered the fathers of Confederation, while the Speaker of the Saskatchewan House reclines in the chair from which the presiding officer endeavored to maintain peace and decorum in the same historic gatherings. As for the table, its claim is generally admitted well founded. It is the same as used by the Territorial Assembly, and is said to have been part of the original housekeeping outfit furnished by the Federal Government when the Assembly was instituted. Mr. Haultain has borne testimony to its historic identity and that it is the original and genuine article is generally accepted.

The case of the chair is different, however. It has no such sponsor and the story of the Standard is the first intimation that it had found its way to Regina. Even this, however, should not wholly discredit the claim for almost everything with legs and arms is headed west these days.

If this story be true Alberta may well lay claim to one of these relics. While the legislators of our sister province draw inspiration from contemplating the historic desk which graced under the records of a history-making event, the mate in our Provincial House is pilloved on a mahogany whose history is enriched only by a brief career in the cabinet factory, and by the memories of the southern woods. While Mr. Speaker Fisher must preserve order solely by the exercise of his own good judgment and the written rules of the house, the Saskatchewan speaker is very literally surrounded by a tangible reminder of the richest traditions in our history and delivers his decisions enforced by the authority of the chair to which humble deference was paid by the first council of the nation. While admitting that even among those less historic surroundings the Alberta legislators are quite capable of holding their own with the Saskatchewan gentlemen, we register a gentle protest against their being handicapped in this manner.

The whole case hinges on the validity of the claim made for the chair. If this be a fake it may be merely another ruse of the Standard to cast thorns in the path of the 20th Government by instigating a row between the provincial youngsters for the possession of a spurious heirloom. Worst still, it may be only a dummy put up to draw the envy of Alberta that Saskatchewan may remain in peaceable possession of the table. If it be true, it suggests the dark suspicion of a conspiracy of silence between Government and Opposition in Saskatchewan to keep the knowledge of this second heirloom from Alberta and that the Standard has indirectly or ravenously "peached" on its fellows.

Should the story be true then Alberta wants one of those relics. Which we would have may be a matter of more or less indifference though considering the composition of the Saskatchewan House it might be well to leave the speaker of that Assembly the prestige which attaches to his venerable seat. Mr. Speaker Fisher has got along pretty well with only his good sense and the Rules rely on to suggest the necessity of the additional authority of the historic chair might create a wrong impression of the nature of debates in the Alberta House and seem a reflection on the gentleman who presides over the deliberations of our legislators. However, Alberta will not attack over a technicality and should Saskatchewan feel an insuperable attachment to the table, will pay the freight on the chair whenever it comes along accompanied by documentary evidence as to its identity.

TO REGULATE THE TELEPHONE COMPANIES

The following are the pending clauses to the Railway Act introduced by the Minister of Railways to bring the telephone business of Canada under the control of the Railway com-

mission.
13 Section 193 of the said Act is amended by adding thereto as subsection 2 the following:—
"2 Notwithstanding anything in any Act contained, the Board, in determining the terms or compensation upon which any such connection or communication is to be provided for, shall not take into consideration any contract, lease or agreement, new or hereafter in force by which the company has given or gives any exclusive or other privilege to any company or person, other than the applicant, with respect to any such station or premises."

14 In this section and in the following sections of this Act, unless the context otherwise requires, the expression "company" means a company within the meaning of the Railway Act, 1903, having authority to construct and operate or to operate a telephone system or line, and to charge telephone tolls, and includes also a telephone company and every company and person having legislative authority from the Parliament of Canada to construct and operate or to operate a telephone system or line, and to charge telephone tolls; and the expression "telephone system or line" means and includes any toll, rate, or charge to be charged by the company to the public or to any person for the use of a telephone system or line, or any part thereof, or for the transmission of a message by telephone, or for the installation and use of telephone instruments, lines, or apparatus, or for any service incidental to a telephone business.

15 Notwithstanding anything in any Act heretofore or hereafter passed by Parliament, all telephone tolls to be charged by the company shall be subject to the approval of the board.

2. The company shall file with the Board tariffs of the telephone tolls to be charged, and such tariffs shall be in such form, size and style and give such information, particulars and details as the Board, from time to time, by regulation or in any particular case, requires; and the company shall not be entitled to charge any telephone toll in respect of which there is a default in such filing, or which is disallowed by the board; provided that any company, now or immediately previous to the passing of this Act charging telephone tolls may, without such filing and approval, for a period of three months after the passing of this Act, or for such other period as the Board allows, charge such telephone tolls as such company was immediately previous to the passing of this Act authorized by law to charge.

3. Such telephone tariffs may be dealt with by the Board in the same manner as is provided by the Railway Act, 1903, with respect to standard freight tariffs; and all the provisions of the Railway Act, 1903, except as to the publication under section 274 applicable to the company with respect to standard freight tariffs and tolls chargeable thereunder shall, in so far as they are applicable and not inconsistent with this Act apply to the company with respect to such telephone tariffs and telephone tolls chargeable under such telephone tariffs.

16 Whenever any province, municipality, or corporation, having authority to construct and to operate or to operate a telephone system or line and to charge telephone tolls, is desirous of using any telephone system or line owned, controlled, or operated by the company, upon which system or line, the company is authorized to charge telephone tolls. In order to connect such telephone system or line operated or to be operated by such province, municipality, or corporation for the purpose of obtaining direct communication whenever required between any telephone or telephone exchange on the one telephone system or line and any telephone or telephone exchange on the other telephone system or line and cannot agree with such company with respect to obtaining such connection or communication, or such use, the provincial municipality or corporation may apply to the Board for relief, and the Board may order such company to provide for such connection or communication, or such use, upon such terms as to compensation as the Board deems just and expedient, and may order and direct how, when, and where, by whom and upon what terms and conditions such connection or communication, or such use, shall be had, constructed, installed, operated and maintained.

2. Upon any such application the Board shall in addition to any other consideration affecting the case, take into consideration the standards as to the efficiency and otherwise of the apparatus and appliances of such telephone systems or lines, and shall only grant the leave applied for in case and in so far as, in view of such standards, the connection or communication or use applied for can, in the opinion of the Board, be made or exercised satisfactorily.

factorily and without undue or unreasonable injury to or interference with the telephone business of such company.

17 Where the telephone system or line operated by the company is connected or used in communication with the telephone system or line operated by another such company or by any province, municipality or corporation, whether the authority of such province, municipality or corporation to construct and operate or to operate such telephone system or line is derived from the Parliament of Canada or otherwise, and whether such connection or communication has been previously or is hereafter established either by agreement of the parties or under the order of the Board, the provisions of the Railway Act, 1903, with respect to joint tariffs, in so far as they are applicable and not inconsistent with this Act shall apply to such company or companies and to such province, municipality or corporation.

2. The Board shall have, for the enforcement of its order in this respect, in addition to all other powers possessed by it therefor, the power to order a discontinuance of such connection between such different telephone systems or lines.

3. The company shall from time to time cause to be printed and posted up in its offices and in every place where telephone tolls are to be charged, in some conspicuous position, a printed board or paper exhibiting all telephone tolls so to be charged.

18 All contracts, agreements and arrangements between the company and any other such company, or any province, municipality or corporation having authority to construct and operate a telephone system or line, which are such authority is derived from the Parliament of Canada or otherwise for the regulation and interchange of telephone message or service passing to and from their respective telephone systems and lines, or for the division or appointment of telephone tolls, or generally in relation to the management, working, or operation of their respective telephone systems or lines, or any of them, or any part thereof, or of any other system or line operated in connection with them or either of them, shall be subject to the approval of the Board, and shall be submitted to and approved by the Board before such contract, agreement or arrangement shall have any force or effect.

GORKY AFTER HEALTH
New York, April 12.—A statement that Maxim Gorky is ill with consumption and that he came to America to regain his health and not to secure assistance to obtain freedom for Russia was made on his behalf by an interpreter as follows: "Gorky wishes me to tell you that he is a very sick man, suffering from consumption. He came to America not in the hope of getting assistance to free Russia but to regain his health."

COMPANY WANTS DAMAGES
Winnipeg, April 12.—On the action to recover the amount of damages inflicted on cars of the street Railway Co., during the recent strike will be instituted by the Winnipeg Street Railway Co., in the near future unless the city takes the initiative and effects a settlement of costs.

WINNIPEG MARKETS
Winnipeg, April 12.—No. 1 Northern 7c. No. 2, 7c. No. 3 7 1/2c. No. 2 white oats 3 1/2c. No. 3 barley 4 1/2c. No. 1 flax 1 1/2c.

NO ORTHODOX PRIESTS ELECTED.
St. Petersburg, April 12.—Although many orthodox priests were among those elected to the secondary convention not a single one has been returned to parliament. On the other hand three Catholics priests, one rabbi and one Mohammedan priest have been returned.

RUSH TO

VEGREVILLE

Many New Settlers Going to That District—Many New Buildings

Vegreville, April 12.—The opening of spring has seen a phenomenal rush to this district. Every train arriving brings its quota. The hotel accommodation is altogether inadequate to meet the demand and new-comers by the score are sleeping in barns and wherever else shelter can be found. An indication of the number who have arrived here during the last few weeks may be gathered from the fact that the population of the town has grown from 200 to 600 during the last fortnight. The majority of the arrivals of course are homesteaders and the number who remain in town are comparatively small to those who are pouring into the surrounding districts.

T. W. Shipley is adding a large annex to his hotel to double the capacity of the house in keeping with the increased rush.

J. McAllister is building a new frame hotel opposite the depot which will contain about forty bed-rooms.

When these buildings are completed the town will have two large and well appointed hotels while several restaurants assist in supplying the needs of the hungry.

The Merchants Bank are preparing to erect a \$10,000 brick block on main street, for banking purposes. The bank was opened a few months ago with Mr. C. R. Morton in charge.

REFUSED TO GIVE NAMES

Ottawa, April 12.—Jas. A. Smart, ex-deputy minister of the Interior who is now representing the North Atlantic Trading Co. in Canada would not tell to-day at the agriculture committee who were the members of the company. He said they were operating in points on the European continent where immigration was opened and therefore if the parties were known they might be expelled. The House adjourned to-day for the Easter holidays. Sir Wilfred Laurier said that retired servants of the Hudson Bay Co. had no claim against the government. If they had any claim it would be against the company.

COLONIES LEAD

London, April 12.—The colonies are showing the path of wisdom" said Lieft Jones in the House of Commons to-day in moving a resolution approving the principle of local option. He pointed to the steady reduction of license in Canada by the operation of the local option laws.

The Exchange Mart Company, EDMONTON.

Next to Grand View Hotel. Phone 400.

At the above place you may sell almost everything you may have to dispose of. You may obtain spot cash or leave your property for sale on commission, or obtain an immediate loan to tide you over that little embarrassment. It matters not what the property consists of, whether household effects, farm implements, gold, silver plate, china, pictures, books, furs, bugles, wagons, harness, curio, sewing machines, musical instruments, guns, revolvers, silks or jewellery. If the article possesses a value and you wish to sell, ask the Exchange Mart its value. Whether they buy or not they will tell you. If you are leaving the city you may sell at a few hours' notice the entire outfit for spot cash, or the Mart will sell your effects by auction on your own premises.

THERE ARE LOTS AND LOTS

of people who could be land owners if they wanted to. It doesn't take so much money by our plan. All they need is a ten dollar bill. The balance we accept in small convenient payments. Be they know it they OWN A LOT.

And it won't be in some desolate faraway region that will never improve.

It will be in a locality that is bound to improve and increase in value. If you want to know where such lots are, drop in here and ask us.

We think we can show you the best and easiest real estate proposition you ever heard of.

We have Rosedale lots at \$65 and \$85.

Delton lots at \$120 and \$130.

A few choice lots on Twelfth street for \$1,200 each, call and see us about these.

Dear Mother

Your little ones are a constant care in Fall and Winter weather. They will catch cold. Do you know about Shiloh's Consumption Cure, the Lung Tonic, and what it has done for so many? It is said to be the only reliable remedy for all diseases of the air passages in children. It is absolutely harmless and pleasant to take. It is guaranteed to cure or your money is returned. The price is 25c. per bottle, and all dealers in medicine sell.

SHILOH

This remedy should be in every household.

MAY TUNNEL UNDER STRAITS

Russia has an Enormous Project on Hand

St. Petersburg, April 14.—The commission which has been considering the project of Baron De Label for tunneling under Behring Straits and building a railway from East Cape to connect with the Siberian railroad has completed its labors. The project has been greatly extended since its consideration was begun. The principal modification is the intention to double track the trans-Siberian Railway for strategic purposes. The changes involve an increase in mileage of 8,600 miles.

RUN OVER BY WAGON.

Neepawa, April 12.—A cowardly deed is reported from Bernie. Some farmers near McCreary were driving through Birnie village and invited little Victor Buchan to take a ride on a wagon as he returned from school. As he climbed up they lashed the horses, which ran away. The little fellow fell under the wheels and had his leg dislocated and broken in two places.

Birmingham, Ala., April 11.—Dr. A. W. Burton killed his wife and fatally wounded Dr. T. T. Thaxton, a dentist of Pratt City, Alabama, and then cut his own throat.

MILES OF SIDEWALKS.

(Continued from Page One)

will bring the price up to 140 or more per line against the Bell Co.'s 127. The Lorimer people, who make the Canadian Machine Telephone, are still to hear from. Commissioner Hargrave reported that he had wired them but that he had not yet received their quotations. The Bell Company's offer was laid on the table.

Mr. Lash's opinion with regard to the city's standing in the street railway case, was laid on the table by Ald. Griesbach. As it would not be good policy for the city to show its hand, the opinion is not published. However, it is safe to believe that the city is on absolutely firm ground in its stand on the street railway question.

Some party, whose signature was illegible, wrote, protesting against the use of the market square for public auction of merchandise, the writer claiming that the auctioneers, if they were going to handle bankrupt stock in competition with local merchants paying rent or taxes, should be required to furnish themselves with premises and not allowed to use the city property rent free. The council unanimously coincided and the matter was turned over to the streets and parks committee.

Ald. Griesbach brought to the attention of the council the recommendation of the Board of Trade to the effect that the city secure grounds for manufacturing sites and moved that the matter be referred to a committee consisting of Messrs. Manson, Picard and Smith, with power to investigate and report, which was carried.

Ald. Manson brought it to the attention of the council that it would be necessary to bring in a bylaw to provide funds for the purchase of the city parks in the east and west ends.

Mr. Picard said that while they were talking about parks, the city should appoint a committee to deal with Mr. Carruthers, who is at present in the city for a park site on the Great estate. The mayor added that he had driven over the ground with Mr. Carruthers and he believed that the city would find him willing to deal very leniently for a park site.

The commissioners were instructed to prepare a by-law to raise money for the parks already purchased and the streets and parks committee was commissioned to meet Mr. Carruthers.

At the suggestion of Mayor May, the commissioners were instructed to level up and place in fair condition for a play ground the city's six acres on river lot 29, up near Rat creek. The work will be commenced at once.

The Daughters of the Empire were thanked for their generous offer to the city of an ambulance, which offer was accepted.

Selling Off!

BIG SALE AT

Fertile Farm Lands Near Alberta's Capital

Leduc, 20 miles south of Edmonton, on the C. & N. Railway, is noted for its rich agricultural lands, and large production of wheat and oats, of first-class quality. Cattle-raising and dairying are also important industries. The and large quantities of butter and eggs are marketed at this point. The country is partly wooded, and there are large coal deposits in the district; abundance of water at from 12 to 30 feet in depth. There are numerous lakes, one being partly within the town limits. Fish and game are plentiful.

Homestead lands may be obtained at a distance of 20 miles from town, other lands range from 26 to 240 an acre. The town itself numbers upwards of 400 inhabitants, principally Canadian and Americans, and is now applying for incorporation. Among the business establishments are a chartered bank, 2 grain elevators, 2 grain ware-houses, creamery, pork-packing house, meat mill, planing mill, general stores, hardware stores, also hotels and 6 churches. Telegraph and telephone systems.

Cattle marketed in 1905, 600.
Hogs, 7000.
Coal, 1000 tons.
Butter, 150,000 pounds.

Correspondence invited and may be addressed to

WHAT BECAME OF THE REMOUNTS (Calgary Eye Opener.)

Before dropping the C. P. R. altogether, we should like to upbraid them gently for spoiling what promised to be one of the greatest industries of the West. We refer to the purchasing of remounts in Alberta for the British Army. Last fall there came to this country several imperial officers, looking for remounts. They visited points all over Alberta--Calgary, High River, and so forth--and succeeded in securing over a hundred carefully selected saddle horses. Great was the joy amongst our horsemen. Word went forth that Alberta was to be a great re-mount emporium for the British Army. Editorials appeared in all the papers dwelling on the limitless possibilities of this new industry amongst the horse breeders, raising remounts for the army. Well, these carefully selected specimens of Alberta's choice saddle horses were duly loaded into five cars, after being duly inspected by Veterinary Surgeon Riddell and placed in charge of Adam Dalgleish, of Cochrane. They were bound for England and were soon to be peddling about the parade grounds of Aldershot.

To make a long story short, the whole jingbang of them were wrecked somewhere along the north shore in the usual collision. One carload were killed outright, many of the others had to be shot, while the balance of the cripples were taken back to Winnipeg and sold off by auction for a comic song.

This was the fate of those remounts, purchased after so much bother, time, trouble and expense by the imperial officers. These gentlemen returned home in disgust. The affair itself was hushed up, none of the Alberta newspapers got hold of the news--(the C.P.R. press service saw to that)--and probably this will be the first news of the sickening affair that has reached the people of the west.

This has settled the remount business--for a while, at least. The War Office would only be too glad to draw on the resources of Alberta for a large proportion of her remounts if it could only have some reasonable assurance that the horses would be shipped to the seaboard alive. One of the main requisites seems to be to have the horses landed in England alive. This is the main difficulty. It is little wonder that arrangements were made to ship Prince Arthur of Connaught across the continent over two months ago. His Royal Highness's chances of reaching the Atlantic seaboard alive are thus doubled, and every loyal Canadian will be heartily gratified at the precautions thus taken by the home government to ensure the safety of his person.

THE STORY OF AN ACCIDENT

Edmonton, Alta., March 10, 1906.

The Empire Accident and Surety Co.,
London.

Gentlemen--I hereby acknowledge the receipt of your check for \$50.00 from your agent, F. A. AYLIWIN, being amount of indemnity claimed by me for an injury to my foot received last month.

The claim was forwarded to you less than two weeks ago, and I wish to thank you for the prompt settlement of the same.--Yours truly,
(Signed) R. R. CROWN.

Mr. Crown met with the accident on February 9th, and the claim was received at the Company's Head Office, March 5th, 1906, for two weeks' indemnity. Cheque was issued for above amount same day, and received in Edmonton by Mr. Crown on Saturday evening.

The Empire Accident and Surety Co.

Of London, Issues the Most Up-to-Date Accident and Sickness Policies

EVERY POUND THE SAME

After finding a tea that suited you fairly well, haven't you often been disappointed to find the next pound not the same at all?
No chance of variation when you buy--

Blue Ribbon TEA

Because it always comes from the same plantations instead of being picked up here, there and some place like the ordinary teas.

This is of enormous importance. Because tea from one garden often tastes quite different from the very same kind grown on another plantation, just as fruits and even grains vary in flavor and quality, according to where they are grown.

So teas picked up in the usual random way are almost sure to vary from time to time, while Blue Ribbon Tea, coming always from the same gardens, runs little risk of change.

But to further ensure uniformity, by these precautions and many others Blue Ribbon Tea has at last reached a point where variation is practically impossible.

BUT TRY IT AND JUDGE FOR YOURSELF
1lb. and half lb. Lead Packets.

Something Strong and Durable

So most mothers reason about boys' clothes. If the suit wears well, is rugged and durable, that's good enough, for it doesn't matter about style. How about both? You pay for the wear here and get the style thrown in. These boys' suits are made like men's suits:—

Boys' Chalk Striped, all wool,
Tweed suit, up to size 35,

5-50

Boys' Grey Tweed, all wool

5-75

Boys' Black Serge Suit, double
breasted

6-00

Boys' Striped Tweed Suit, double
breasted, up to size 29

3-50

Boys' Buster Brown Tweed
Suits

—Tickets for the ball poudre to be held in the Thistle rink Tuesday night may be obtained by J. H. Lintz drug store, D. McDonald & Co. store and Archibald's.

—Clarke's full orchestra has been engaged to furnish music for the Ball Poudre to be held in the Thistle rink on Tuesday evening next. The musical selection for each dance has been especially chosen.

—The banquet to be given the members of the Legislature by the Edmonton Liberal Association and the Young Men's Liberal Club, which was postponed from last month, will be held on Thursday evening, the 19th, at the Queens Hotel.

—To-morrow, Easter Sunday special services will be held in All Saints church as follows: Celebration of Holy Communion at 8 a.m., morning service and celebration of Communion at 11 a.m. Children's service and baptism at 3 p.m. and evening service at 7 p.m.

—The Grand Scotch concert to be held in the Thistle rink on Wednesday, April 18th, under the auspices of the Braemar circle and in aid of the Edmonton Public Hospital promises to be a most enjoyable affair. The best talent that the city affords has been procured including the following artists, Miss Ethel Webster, soprano, Miss Edith Webster, violinist, Miss Jessie Potter, soprano, Miss Jessie Cameron, mezzo-soprano, Jackson Hanby, tenor, Howard Stutchbury, baritone, R. S. Robertson and Geo. McLeod. Clarke's full orchestra will be in attendance and furnish music. The prices are for reserved seats \$1.00, general admission 75c. and 50c.

FARMERS ARE BUSY SEEDING

Winnipeg, April 13.—The first report of seeding and prospects throughout Manitoba and Saskatchewan was issued yesterday by the Canadian Pacific. The average increase in acreage in the two provinces will be from 10 to 15 per cent., although many districts have from 20 to 30 per cent. and the increase in a number is as high as 50 per cent. Seeding in most sections is under way and by the end of the week will be general. Saskatchewan farmers are farther advanced with their work than Manitoba, while the weather although varying is more favorable west. Prospects are for a record season. Yorkton will show an increase of from 15 to 20 per cent. The great influx to Moose Jaw district is reflected in the large increase in acreage in many points reaching as high as 50 per cent. Northern Saskatchewan seems to be having more favorable weather and farming seems to be progressing more rapidly than in the south. In Southern and Prince Albert seeding is general.

TO PROTECT SCHOOL GROUNDS

(Continued from Page 230)

grounds. At the present the children had to play on the street. Chairman Taylor said that the principal had received instructions to allow none of the children to play on the street. Rev. H. A. Gray said that the principal had done his best to keep them off the street, but it was almost impossible. There were now over three hundred pupils attending this school and when they were turned out at recess for exercise, they had no place to go but on the street. Chairman Taylor said that the matter of playgrounds had been thoroughly discussed at the time the board had built the school. They had tried to get other property for the school where there would be more room but it had been impossible without going too far west. Mr. H. C. Taylor thought that better play grounds were needed and he moved that Trustees Gray and May be a committee to look into the matter of play grounds and report. The motion carried.

J. Fyfe, of Peterboro, was appointed to take the place of Mr. Ellis, mathematical teacher of the high school, who has resigned to take the position of provincial school inspector for the Edmonton district. The board held a meeting a day or two ago and decided to offer Mr. Fyfe the position at \$1,100 per year. They received a reply Thursday, from Mr. Fyfe, accepting the offer, and saying that he would be on hand to take up his duties on Tuesday.

The matter of the increase of the salary of Mr. Hutton the drill instructor of the school which had been left in the hands of the school management committee came up. Rev. H. A. Gray chairman of the committee, said that the matter had not been placed in his hands until a week ago, but that he had interviewed Mr. Hutton, who said that the reason he had asked for an increase was that the addition of the Norwood school has increased materially his duties and he thought under the circumstances that he was entitled to an increase. The matter was left with the committee for further dealing.

Rev. H. A. Gray also reported that the caretaker of Mackay avenue school was now doing his work satisfactorily and that he had received no more complaints. The caretaker had been laid up with rheumatism for some time and had been unable to perform his duties properly.

The board expressed themselves as satisfied.

Mr. McCoppen, who had rented the board his new building on Syndicate avenue for school purposes, wrote that the building was now completed and ready for occupation. The rent would be \$100 on the 16th inst. The building was wired for electric lights and the grounds would shortly be fenced.

The report of Principal Russell showing the enrollment of the schools was also discussed in connection with the new school. The report showed the enrollment as follows:—Queen's avenue, 457; Mackay avenue, 327, and Norwood, 96. Dr. Ferris explained that this was not the maximum enrollment as the principal had made allowance for a good many pupils who were at present sick. Chairman Taylor said that as the Norwood school was congested and that Miss McCauley of Queen's avenue school was occupying the assembly room, the two rooms in the new school on Syndicate avenue, could be used by Miss McCauley and the overflow from Norwood. The pupils who were sick would be coming back, and new ones would also be coming in at Easter. The matter of fitting up the new school and adjusting the classes was left to the school management and supply committees.

Trustee Gray said that Principal Scott of the Mackay avenue school had spoken to him regarding the flying of the school flag during the seasons of the legislature. He had wanted to take it down but Mr. Bradley, Sergeant-at-arms of the Legislature had told him to leave it up. Mr. Gray had told Mr. Scott that the flag was to be taken down and not to be hoisted unless by instructions from the board. The flag was one that had been presented to the school and was not supposed to be at the top of the flag pole in all kinds of weather. If the Government wanted to fly a flag during the sitting of the Legislature they could get one of their own.

J. H. Fleetwood, chairman of the Lethbridge school board, wrote in connection with the proposed convention of school boards of Alberta. Chairman Taylor explained to the trustees that the idea had originated in Lethbridge and that the object was to form an association of school boards for mutual benefit. Mr. Fleetwood had written to the Deputy Minister of Education and had received his reply that he favored the scheme and would be glad to do all he could in its furtherance. Trustee Taylor moved that in the opinion of the board it would be advisable to hold such a convention and that the Edmonton board would do all in its power to further the movement. The motion carried.

The Ottawa Fire Insurance Company wrote asking that certain improvements be made in the wiring of Queen's avenue school. The matter was left with the building committee.

Dr. Braithwaite, health officer wrote that owing to the large immigration and the prevalence of small pox in some parts of the west, he had obtained a considerable quantity of vaccine and stated that he would be present at the city hall on Saturdays up till April 14th to offer free vaccination to school children and he asked that the board insist on the vaccination of the children. Rev. H. A. Gray said that the children had been informed that if they wanted vaccination it was to be obtained free at the city hall. The secretary was instructed to notify Dr. Braithwaite of the action that had been taken.

C. A. Coppert applied for position as caretaker of the Syndicate avenue school at \$15 per month. He was engaged by the board until the 30th June, at the salary he asked.

Miss Dunlop tendered her resignation as substitute teacher, which was accepted.
